Important Notification

When traveling ashore, please bring your Ocean Medallion™ and a Government-issued Photo ID with you. Please take extra precaution with your personal belongings when going ashore.

Saint John

Boasting unspoiled natural beauty and a spectacular coastline, New Brunswick's pristine shores await you. The capital of Saint John is Canada's oldest settlement and was a thriving industrial port until it was leveled by the in 1877 but redevelopment of the Old City Market and Heritage Area has restored the town's charm and its sense of history. Saint John lies on the Bay of Fundy, which boasts the highest tides in the world and the astonishing Reversing Rapids, caused when the tides change and the river is forced to reverse direction and flow upstream. Witness this natural phenomenon along with heritage sites on a guided trolley ride and zip-line adventure or cruise the Bay of Fundy for different views of the area's spectacular natural beauty. Discover the inspired eateries that have put uptown Saint John on the map as a true foodie destination and venture on to the quaint seaside town of St. Andrews-by-the-Sea and St. Margarets for a relaxed stroll.

Security Screening

All guests returning to the ship are required to undergo security screening. Objects containing metal, including mobile phones, cameras, binoculars, reading glasses, large belt buckles, batteries, electrical devices, etc., will set off the walk-through metal detector and delay boarding. These items must be deposited in the provided trays prior to passing through the metal detector. Guests with surgical metal implants, significant quantities of metal jewelry, metal shoe stays, etc., may be subject to additional screening, such as a hand-held metal detector or "Pat Search."

Agricultural Notice

Local authority rules stipulate that no food, no flowers, no seeds or beverage products except water are to be taken off the ship in port to avoid a fire. Please consume these items onboard before proceeding ashore.
