Princess New Cruiser Tips

Listen to most announcements inside your stateroom by tuning into the "Bridge Cam" on your television. Select "Home" on the left menu followed by the "Navigation" tile and then the "Bridge Cam" tile at bottom of the listed options. Make sure the volume is turned up! To avoid any disruptions, announcements are only broadcast in public areas, except for safety related announcements on occasion.

Portland

Portland was founded in 1632 by the British as a fishing and trading post and named Casco. In 1658 the name was changed to Falmouth and Portland was put on the map in 1786. While Portland's name has changed over the years the essence of the area has not changed. Today, Portland still remains a vibrant fishing and commercial port, Maine's largest city, and its cultural, social and economic capital. From the renovated Old Port with its brick sidewalks and cobblestone streets to the quaint seaside village of Kennebunkport, the summer home of President George H. Bush, Portland and the surrounding area have something for everyone. Photographers are sure to delight at the photo opportunities including the Portland Head Lighthouse and the picturesque White Mountains on the Cog Railway. Shoppers will enjoy the Old Port and downtown area that feature many unique boutiques, shops, galleries and restaurants. Outdoor enthusiasts will surely want to visit the world-renowned outdoor outfitter L.L. Bean® and the many other brand name outlets in nearby Freeport, Maine.

Security Screening

All guests returning to the ship are required to undergo security screening. Objects containing metal, including mobile phones, cameras, binoculars, reading glasses, large belt buckles, batteries, electrical devices, etc., will set off the walk-through metal detector and delay boarding. These items must be deposited in the provided trays prior to passing through the metal detector. Guests with surgical metal implants, significant quantities of metal jewelry, metal shoe stays, etc., may be subject to additional screening, such as a hand-held metal detector or "Pat Search."
