

Our Story

Ponies have been part of our family for generations, from working the fields to simply being our fluffy companions, they've always had a place in our hearts and lives.

But as we grew out of pony club games and sparkly browbands, people kept asking, "So what will you do with them now?" The answer was simple: *Exactly what we've always done—love them.*

Searching for a yard that embraced this lifelong bond, we realised something was missing: A place where ponies were more than a phase, where no one "outgrows" their love for them. So we created it.

Little Nags Stables is that place—a haven for equestrians who simply want to enjoy their ponies, whether for competition, breeding, or just for the joy of having them in their lives.

'For the Love of Ponies—Forever'

Why We're Different

We built Little Nags Stables because we never felt truly at home in other livery yards. Too often, we found ourselves in spaces where we didn't feel welcome—where you either had to be a serious eventer on a big competition horse or settle for run-down facilities that made winter an absolute slog.

We wanted something different. A middle ground.

Little Nags Stables is that middle ground—a place where no one looks down on you for not competing, where it's okay to have a fluffy field companion instead of an eventer, and where the facilities actually make horse ownership easier, not harder. With well-maintained stables, proper turnout, and a welcoming, no-judgment atmosphere, we've created the yard we always longed for.

Because owning a horse should be about joy—not stress, struggle, or snobbery.

The Yard

Nestled on 30 acres of prime grassland between South Kilvington and Thirsk, Little Nags Stables offers exceptional care, all-year-round turnout, and both local and homegrown hay. Conveniently located near the A19 & A168, we're easily accessible from Thirsk centre, Ripon, Boroughbridge, and Northallerton.
