

## Possibly the best ICT investment your nursery can make in today's digital age

- A solid flexible investment to fulfil your ICT strategy
- Battery powered cableless interactive digital table with 40" HD Touch Screen
- Mobility allows the table to be used in many different rooms
- Multi-touch android device for up to 10 simultaneous touches
- Rich library of Early Years apps via google play
- Can be used as a table or as a screen with tilt-able settings
- Early Years Educational EYFS 20 app software with Yellow Door
- Introduces OFSTED's 2017 guidance for IT in schools
- Encourages development of early learning skills with collaborative interaction
- EYFS content and sensory apps for individual children or groups
- Covers all early learning goals with fun educational content
- Multipurpose use for play, games, music, fun and EYFS educational software
- Can be used for online staff training and presentations
- Can be tailored and adapted to suit each nursery accordingly
- Solid unit specifically designed to withstand robust intense use in nurseries
- Quality rechargeable battery unit for 8 hours running after each charge
- 6mm toughened glass and aluminium structure with attractive sleek oak wood finish
- 3 year service warranty included for peace of mind
- Personal aftersales care from a dedicated early years team at the digital rainbow
- **And most importantly** ..... it provides the children with the best way to learn and play whilst embracing the modern technology for their future development.
