# Meet Your Agent

Stella Del Bianco is more than a real estate agent—she's a trusted advisor and advocate dedicated to helping clients navigate every step of the real estate process with confidence. Serving the greater New Orleans area, including Kenner, Metairie, River Ridge, and Harahan, she works with buyers, sellers, and investors, combining market knowledge, strategic guidance, and exceptional customer service to create a positive client experience.

Known for her relationship-focused approach, Stella goes above and beyond to help clients make informed decisions. From detailed market analyses and pricing strategies to customized marketing plans, showings, negotiations, and contract management, she handles every detail with professionalism and care. With a strong network of trusted industry professionals, she can also assist with staging, inspections, and other services to help make each transaction as smooth and successful as possible.

As a Seniors Real Estate Specialist (SRES), Stella also provides guidance for clients and their families navigating downsizing, relocation, and other major life transitions.

Outside of real estate, Stella enjoys traveling and spending time with family and friends. Fluent in both English and Italian, she brings a warm, personal touch to every relationship—because to her, real estate is never just about property; it's about people and the next chapter they're stepping into.
