

Hallelujah Words

Doo, doo, doo, doo, The birth of Christ we celebrate

His death was born of fear and hate
He died that all our sins would be forgiven
His death for us a gift from God
His resurrection part of the plan
A new life here on earth, Shout Hallelujah
Hallelujah, Hallelujah

The prophets said the King would come

The messengers then beat the drum
And for a thousand years they spoke it to ya
Mathew said the messiah will come
The Virgin will conceive a Son
The Holy Spirit sang out, Hallelujah
Hallelujah, Hallelujah

The prophets said He would be Lord

He would be God's Son adored
Emanuel's the name that you shall call him
With Mary and Joseph in Bethlehem
Shepherds in the fields near-by
The choir of Angels rang out, Hallelujah
Hallelujah, Hallelujah, Hallelujah, Hallelujah, doo, doo, doo

Nobody could have known the plan

Nor could they know the circumstance
It had to be our God who brought it to ya
And so today we ask of you
To carry our message through
And with your voices share this, Hallelujah
Hallelujah, Hallelujah, Hallelujah, Hallelujah, Hallelujah
