To request a performance for an event. Complete a Chordsmen request form, the Music Team will evaluate the request, and if they feel it is appropriate, and if a director is available at that date and time, they will approve the request and pass it on to the Board for final approval, based on the request aligning with our strategic plan. If the board approves the chorus members will be polled at the next rehearsal to determine if there are enough members interested and available to participate.
