If a rider is riding a horse and the horse breaks the mirrors the rider is responsible for the cost and installation to replace mirrors. The rider is responsible for the horse they are on even if it is not their own. Ex. A horse kicking the glass. If a horse gets away from the handler/rider, the handler is responsible for the horse. Ex. A horse running free into the mirror.

*If the rider or the handler is under 18 their parents/guardians are responsible for the costs.

If a person breaks a mirror without a horse they are still responsible for the cost and installation to replace the mirrors. Ex. Driving the tractor or other equipment into the mirror. If a minor, (under 18) breaks a mirror without a horse their parents/guardians are responsible for the costs. Ex. Throwing a rock or ball into the mirror.
