What can we do for you ?

360 Services for EU Funding

ETA brings together intelligence, experience,
networks, excellence and technology...

to help you achieving your goals!

Looking for Funding Sources ?

we can conduct comprehensive searches of funding databases to identify potential sources of funding for you and provide you an overview of each funding opportunity.

Looking for Proposal Writers?

we can **write a detailed project proposal** that meets the requirements
of the EU funding program you are applying to.

The background features a vibrant, abstract composition of colorful splatters and dots in shades of orange, red, yellow, purple, and blue. A faint, stylized silhouette of a butterfly is centered in the middle of the image, overlapping the splatters. The overall effect is dynamic and artistic.

Do you want to advance project proposals ?

We can provide you with an unbiased evaluation of your proposal and offer feedback on how to improve it before submission.

“ Pay as you Go ”

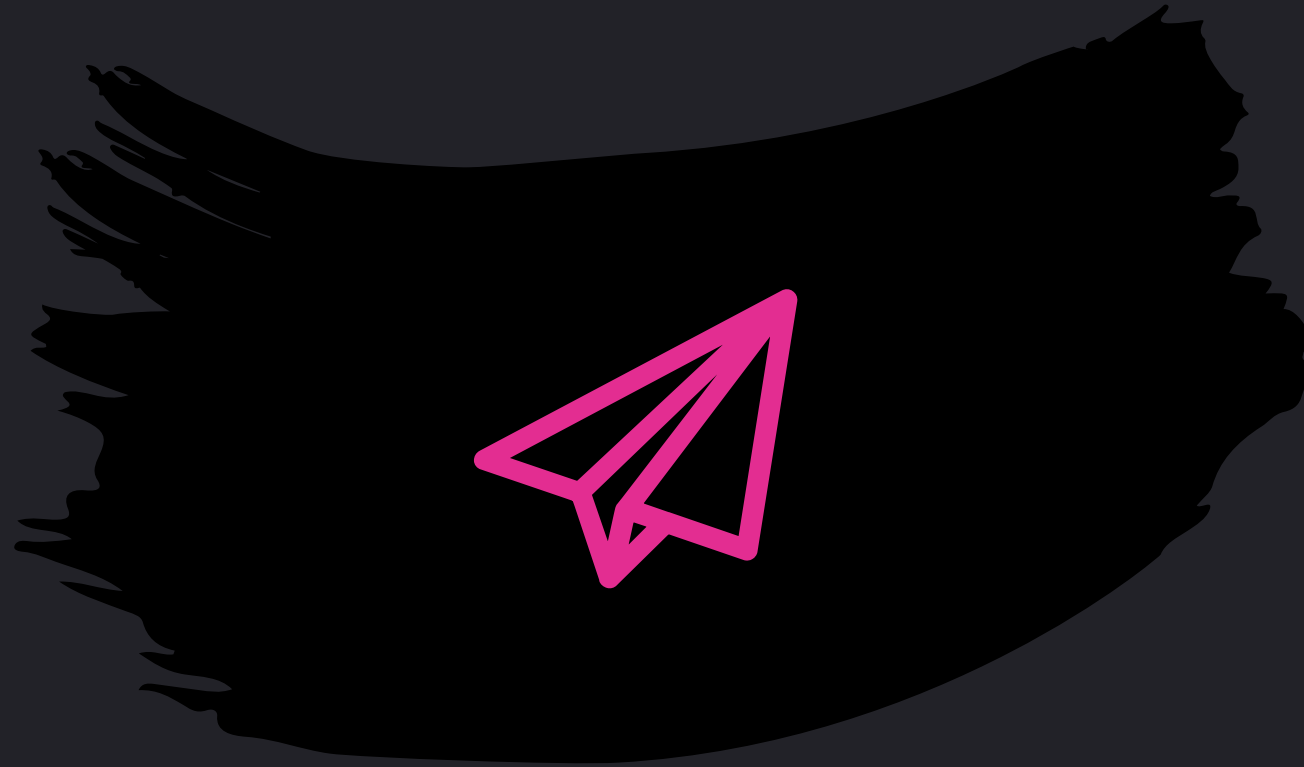

Before we begin any work, we will provide you with a clear service description, the estimated number of workdays required, and the expected results.
