PRODUCT TECHNICAL DATA

PRODUCT FEATURES:

- Fast Tire Mounting and Demounting
- Excellent Tire Bead Protection
- Precision Application
- Retards Rust & Corrosion
- Non-Staining

DESCRIPTION:

BullSnot! MountABull is a precision application, ready to use, aerosol spray developed expressly for quick mounting and dismounting of tires. It provides superb friction reduction and tire bead protection during tire assembly of automotive, ATV, motorcycle, trailer, mower, tractor, and bicycle tires. MountABull is non-staining making it perfect for use on all tires, including whitewalls. Further, it is safe for all wheel types and retards against rust and corrosion. MountABull is the solution to all your mounting needs!

USES:

Used for mounting and demounting all tire types. Shake can before use. For best results, tire & wheel should be clean before application. Spray lubricant to the inside and outside surface of both tire beads before mounting. For detailed mounting instructions, refer to the wall charts available through OSHA - Occupational Safety and Health Administration (www.osha.gov).
