

Scott Seasonal Services

Hello Neighbors,

We would like to introduce ourselves. Scott is a jack of many trades, and has a true passion for lawn and landscape care. He prides himself on making lawns and landscapes look great year-round! Heather is a technology wiz, and helps behind the scenes with social media and the administrative side of the business. We reside with our family in Merton, WI.

We are excited for the opportunity to share our talents and provide outstanding lawn and garden services for our customers!

Please consider calling us if you are in need of mowing, mulching, leaf removal or plowing/salting services. We would love to discuss your needs and see how we can help!

Thank you, Scott & Heather
