

# Lab Presentation

Thanks for showing interest in knowing about us.

# Introduction To The Lab

Delhi Analytical Research Laboratory is the fastest growing testing lab in NCR region. We aim to implement the quality system regulated by government authorities in most effective manner. With strong management & operations team we are able to achieve various milestones in short span of time.

# Our journey & approvals in a timeline

2015

Delhi Analytical Research Laboratory started its operations in year 2015 with required basic setup

2015

We got our first approval, ISO certification & same year we have received OHSAS certification as well

2016

Our strong technical team worked hard to comply NABL standards & we received the NABL approval in chemical section

2016

NABL gave approval to Delhi Analytical Research Laboratory's Microbiology section & operation started

2018

Delhi Analytical Research Laboratory was recognised by FSSAI & received their approval to start FSSAI relevant activities

2019

In the year 2019, Ministry Of Environment, Forest & Climate Change (MOEF) recognised & gave approval to start operations

# Our lab's mission:

To build & grow Delhi Analytical Research Laboratory to the level where we are and will be working towards the government's mission to provide safe food, water, medicines & environment to citizens of India.

## **Dr. Priyanka Mishra**

Director

Delhi Analytical Research Laboratory

# Our Director

## **Dr. Priyanka Mishra**

She is a visionary with 20+ years of experience & thought leadership in quality compliance system. She is a throughout Gold Medalist & our go-to person for knowledge, support & learning in Delhi Analytical Research Laboratory. She is deeply committed towards the values & mission of Delhi Analytical Research Laboratory.

# List Of Main Instruments

We are equipped with latest & most recognised instruments required to effectively implement the regulatory guidelines.

GC MS-MS Agilent

Atomic Absorption  
Spectrophotometer

GC With FID ECD & NPD

HPLC Binary Pump With Auto  
Sampler - UV Detector &  
Flourosense Detector

\*Delhi Analytical Research  
Laboratory is home to 1000+  
instruments & tools required  
to run quality management  
system efficiently

# Our Renowned Clients

We have been fortunate to work with the most renowned business groups in India. Here are the few names from our list of esteemed clients.

L & T  
Bharat Petroleum  
Cremica  
FSSAI  
Food Corporation Of India (FCI)  
Axiom  
Radisson Hotels  
JW Marriot  
NHAI  
Heera Sweets  
Duracool  
Uttarakhand Government  
Barbeque Nation  
Verka  
Parle  
Godrej  
D.S Group

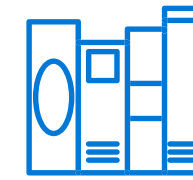

---

# DARL Stands For

## **Guidelines**

We deeply understand & comply with the guidelines from regulatory bodies.

## **Implementation**

We are agile & expert when it comes to implementation of the guidelines.

## **Client Satisfaction**

Timely and effective implementation of the guidelines helps us keep our clients satisfied.

## **Well Being**

We align our entire process with the government's mission towards the well being of citizens of our country.
