We are introduced to our frizzy haired Lizzy as she, her older sisters and her dad are preparing to head out on a hiking adventure to find a secret lake. They encounter a fork in the road, and after walking for miles and miles they realize they are lost. Lizzy and her family are now faced with the formidable task of finding their way back home. With a little bit of luck and a very stylish pocketbook, Lizzy has stepped up and saved the day!

Paired with lyrical rhymes though out the story and the unique and whimsical illustrations of **Katherine Hillier**, this book can do no wrong! It's important for young children to learn that being prepared and trusting your gut will often pay off. Trust yourself to be who you are, even if you are looked down on because of it. Lizzy's sisters made fun of her trusty pocketbook, but I bet they would have been singing a different tune if Lizzy wasn't so prepared with that quarter for the payphone and they had to spend the night in the woods!

Setting Your Child up for Success

Inspiring children to be responsible, self-reliant and problem solvers is vital and with books like *Frizzy Lizzy* there to cultivate that inspiration, you can set your child up for success! The Frizzy Lizzy series' goal is to show the importance of resourcefulness and to explore the magic hiding in our day to day lives. This series will continue to captivate your children and urge them to be playful, believe in themselves and the wonder of their imaginations. Also with a little creativity, your kiddos can become their own heroes!

Liz Leonard is a passionate storyteller based in New Jersey, where she lives with her husband, daughter, and dog. After earning her BFA from the School of the Museum of Fine Arts and Tufts University, she dove into the world of animation, film, and television often drawing inspiration from her own childhood experiences.

Aside from her creative pursuits, Liz serves as an executive at a global hotel brand, allowing her to feed her love for travel. She also spent time volunteering with a non-profit organization that allowed her to travel to West Africa many times.

Her diverse background, complex childhood, passion for the arts and journey into parenthood inspire Liz to write enchanting stories filled with life lessons. The Frizzy Lizzy series draws from both her early memories and her more recent adventures, creating a rich tapestry of tales that engage and educate young readers. Katherine Hillier was born in the countryside of Northamptonshire, in the heart of England, where she still lives and works. She studied illustration at both Northampton University and Camberwell College in south London, and her work is inspired by the serene seasons of nature as much as the colorful chaos of urban environments. Katherine brings her signature style to every project she works on, whether for children, adults or everyone in between.

Kelsey Hall graduated from Texas Woman's University with a degree in English Literature and a minor in Deaf Education. She is a born and raised Texas gal that can't stand country music and loves everything bookish. She can often be found cuddled up with her two Pyrenees pups and a good book, The 1975 playing in the background. In addition to working with the BookTrib team, she shares her love of stories by reading to groups of children on the weekends, making sure to pass along the magic and adventures to the next generation.
