

Course Objectives

By the end of this course, you will learn:

Recognize Basic Audio Equipment:

Understand the different types of audio equipment and learn where you would use them effectively.

Know requirements for the job:

Ask the Correct Questions to get the Job Requirements.

How to perform the Job:

With our Step By Step guide, we shall go on a day on set.

Timecode Jamming:

Get a grip on the concept of timecode jamming and its importance in synchronizing audio and video.

Getting Through Set:

Navigate through a set efficiently, understanding the dynamics and challenges that come with it.

From Call till Wrap Location Sound Recordist Workshop Overview

Welcome to the **Location Sound Recordist** workshop “From Call till Wrap”!

This intensive 08-hour workshop. You will learn how to perform as a location sound mixer Step by Step from “call till wrap”, from when the producer call's you for a job till the wrap of the production., this course will provide you with the knowledge you need to perform as a Location Sound Mixer.

Who Should Attend?

This workshop is ideal for Sound Engineers looking to start a career as a Location Sound Mixer.

You are already a Sound Engineer, you understand and work with signal flow, gain structure, wireless systems, microphones and equalizing. With this workshop we shall help you transfer all that knowledge to the Location Sound world. Showing you the tools you would use and the filmset ethics for you to flow on a set.

Add-On Hands On Day: Personalized Guidance using the tools. As an **exclusive bonus**, we offer an additional day called the “Add-On Hands On Day”, where you will be Hands-on practicing in connecting and configuring the Location Sound Basic audio equipment., ensuring that you learn and understand every step involved in the process. **This practice experience** shall help you transfer your Sound Engineering knowledge to the Location Sound world.. While the “Add-On Hands On Day” is optional, we highly recommend considering it as it can significantly enhance your learning experience and professional growth. **CALL US FOR YOUR SPECIAL PRICE**
