WEDDING SERVICES GUIDE

Hello

Thank you for considering Fox Cottage Flowers and congratulations on your engagement!

Planning an event can be stressful so we have created our services guide to give you an idea of what to expect in terms of cost, process and how we can work with you to make your day memorable and unique.

We love what we do, and we love the process of getting to know our couples. We are consultative, cooperative and creative as we work together designing the flowers for your special day, from buttonholes and bouquets to custom floral installations. Your wedding should be as unique as you are, as a couple.

If you're looking for inspiration and seeking direction on how to infuse your day with your unique 'couple personality' you have come to the right place! Our best designs are the ones where we are given free rein to be creative.

Please get in touch if you'd like to book an obligation free consultation - we'd love to hear from you.

Our Process

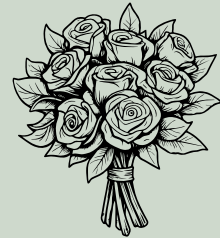

Your wedding day is a reflection of you - your personality, beliefs, family values, personal taste, style, history as a couple and hopes for the future. As such, we do our best to get to know you as well as we can, so we can reflect this in your wedding day floral designs. We want to know everything - from your favourite colour, your likes, dislikes, allergies (plant related), personal vibe, religion and anything of symbolic value to you. We also want you to be comfortable with us and to find out if we are a good fit for each other. We will need you to trust our vision, and to feel you can rely on us to deliver on one of the most significant days of your life. Our process is designed to facilitate this.

We take your inspiration pictures and put our creative spin on them to make them unique. If you have a Pinterest board already that's great - we would love it if you would share it with us. If you don't have one yet, they are a great way to communicate your preferences to us. Alternatively, we can surprise you on the day (in a good way of course!).

Customer Testimonials

“I had the BEST experience with Jen from Fox Cottage Flowers! From start to finish Jen was calm, organised and provided the most beautiful, inspired arrangements for us on our wedding day. Jen went above and beyond for us, from the stunning arbour arrangement, to flowers in the fountain and the stunning bouquet and buttonholes. Jen also created the most stunning corsages using flowers from my mum’s garden, which was the perfect touch to a perfect day.

Jen was kind, generous and so wonderful to work with, and her talent with her floral arrangements is exceptional.”
