### One-of-a-kind design

Straightforward style can be sublime, but sometimes it's refreshing to draw outside the lines. Get creative with our wall collections to break down barriers between simple and spectacular.

When the party moves outside, a custom-designed kitchen helps keep things cooking while making mingling easier. If dining under the stars is on the table, make it unforgettable with a one-of-a-kind style that will make you want to savour that open-air flair every night.

A custom stone creation that looks like wood will never warp under the weight of those deep conversations. As the night wears on, corner the market on cozy with a contemporary firepit that echoes the angle of your seating area.

## Make waves, right at home

The cool draw of a pool becomes irresistible when you add clever architectural elements that ripple with refreshing ingenuity. Inviting steps lead to a striking poolside firepit, instantly elevating the atmosphere.

## Perfect Pairings

Whether you lean towards monochromatic and smooth clean lines or love to shake up design with unique texture and color blends, we have made selecting the perfect products easy in the outdoors. From walls to pavers and slabs to caps, we have designed collections across different product categories, ensuring continuity in your outdoor space.

Color match across our collections, choose one consistent texture or select your favorite finish and your outdoor surface is sure to fit seamlessly with your style from top to bottom.

## Small Space, — Big Impression

Space small, but still want it all? The clever way to play this little game is by stylizing and maximizing every opportunity. Things are really looking up for those urbanites who have a rooftop space to work with, while welcoming design elements and layouts make compact balconies feel anything but confined.

Or, try elevating your backyard vibe to the next level in a big way by layering up distinct areas that don't waste a single inch of outdoor space.

## Color

## More than just shades of grey

Play with our palette of coordinating and contrasting hues to inject visual interest and create a customized look that's right on tone.

A strong geometric pattern displays a slightly softer side when built from sophisticated shades of grey.

Industria 600 x 600 HD<sup>2</sup> Smooth in Greyed Nickel, Shale Grey & Onyx Black

Creative angle: A seemingly spontaneous layout of two-tone stones turns a sunken seating area into the main draw.

Industria Triangle HD<sup>2</sup> Smooth in Chestnut Brown & Beige Cream

Carefully deconstructed color play is pure delight for the eye. Create a subtle sense of continuity by experimenting with light and dark shades from the same palette.

Hexa 60 HD<sup>2</sup>+ Smooth in Chestnut Brown, Beige Cream, Greyed Nickel & Onyx Black

Fade to fabulous.
Graduating shades of the same stone create an eye-catching ombre effect.

Para 500 x 500 HD<sup>2</sup> in Beige Cream, Greyed Nickel & Onyx Black

A classic, high contrast diamond pattern points theway to a warm welcome.

Diamond HD<sup>2</sup> Smooth in Greyed Nickel & Charcoal

High definition dining space; linear stones are 'woven' together to form a carpetlike chevron pattern.

Blu Grande HD<sup>2</sup> Smooth in Beige Cream paired with Westmount HD<sup>2</sup>+ in Merlot

## Texture

## When it comes to spaces, finish first

Texture is a brilliant way to add a subtle shakeup to your outdoor floor plan.

Laying tone-ontone but differenttextured Diamond pavers in a seemingly random pattern looks at once casual and perfectly polished.

Diamond HD<sup>2</sup> Smooth & HD<sup>2</sup> Granitex in Beige Cream

Herringbone paves the way. Wood-like slabs arranged at 90-degree angles show off textural depth in the light of day.

Borealis 5 x 30 HD<sup>2</sup> in Smoked Pine

Square dance:
The strikingly woodlike appearance of
Borealis slabs fall
perfectly into line
when partnered with
textured Travertina
Raw slabs.

Lay down the line at your home's entrance with strips of contrasting texture and color that lead the way straight to 'welcome'.

Diamond HD<sup>2</sup> Smooth in Shale Grey paired with Industria 600 x 100 HD<sup>2</sup> Granitex in Onyx Black

The spectacular woven effect created by smaller, rough-hewn Valet pavers amongst elegant Ocean slabs keeps the eye guessing and your guests swooning.

Ocean Grande HD<sup>2</sup> in Greyed Nickel paired with Valet in Onyx Black

## Scale

## Try this on for size

Whatever your stone style, spectacular comes in all shapes and sizes. And who says you have to choose? Bring them all into the picture for a mingling melange that never gets stale.

Big little beauty. Perfectly placed mini pavers turn a simple slab layout into something spectacular.

Para 500 x 500 HD<sup>2</sup> Smooth in Beige Cream paired with Squadra in Onyx Black

What makes this pattern so striking? We did the math and it's a perfect fit: the large stones are as wide as the small ones are long.

Para 500 x 750 HD<sup>2</sup> Smooth in Greyed Nickel paired with Para 250 x 500 HD<sup>2</sup> Smooth in Onyx Black

Make a no-holdsbarred statement with slim and linear pavers that create gentle movement when set against large stones.

Industria 600x600 in Shale Grey paired with Westmount HD<sup>2</sup>+ in Shale Grey & Onyx Black

## Shape

## Give shape to your ideas

When it comes to giving shape to your landscaping ideas, stones are just the first step. Let your imagination run wild as you create patterns and designs that show off the shape of your one-of-a-kind style.

Tiny tiles are back in a big way. Intricately layed out square pavers trick the eye to create strikingly large scale impact.

Squadra in Shale Grey & Onyx Black

Go with the flow. Hard stones in contrasting colors create soft curves that paint a pretty picture.

Squadra in Shale Grey paired with Valet in Onyx Black

Create movement by tracing a path from straight-lined slabs that's curved silhouette connects two points.

Blu Grande in Shale Grey

Versa-tile. Tiny squares laid out in just the right way deliver a high-end luxe look.
