

Atlantic Fiber Network Consulting

Certifications:

- Certified Fiber Network Designer
- Certified in OSP Construction
- Certified Fiber Optic Specialist
- Fiber Network Project Manager
- Engineering Project Management

Work Completed for:

- Maryland Department of Information Technology
- Prince Georges County Office of Information Technology
- Prince Georges County Department of Public Works and Transportation
- City of Laurel, Office of Technology
- Maryland Department of Transportation
- Verizon/FIOS/BAU
- Pentagon

NAICS Code:

541512, 541330

DUNS Number:

110505478

Capability Statement

Core Competencies:

- Fiber Optic Cable Engineered Route Plans and Designs
- OSP Design and Engineering
- Easement ROW Utility Research/Application/Permit
- Site Survey (OSP/Equipment/ISP)
- Fiber Network Record Documentation
- Miss Utility/811 Reporting
- As Built Inspection and Documentation QC
- Walk Out Survey's
- Fiber Cable Maintenance Management
- Certification Testing

Design and engineer fiber network routes, through a **Most Effective** design approach, utilizing our knowledge in OSP construction.

Manage fiber records and mapping functions across various platforms such as OSP Insight, create splicing designs, capacity assessments, reporting, and data accuracy for a fiber network. Ensuring timely and accurate map related functions, and support of network footprints and facilities inventories and easements related to facilities and routing.

Past Performance:

- Over 30 years' experience of fiber network and OSP engineering design, construction & maintenance
- Engineering Project Management – Fiber Builds
- Fault locating
- Fiber network record keeping, auditing, and certification
