

myTAP - Immediate, Precision-Fit Oral Appliance

myTap cost: **\$369**

myTAP is a non-custom oral appliance solution for patients interested in oral appliance therapy. **myTAP** is FDA cleared to treat snoring as well as mild to moderate sleep apnea.

Proven Technology ACTA study shows myTAP as effective at treating sleep apnea as custom TAP – the most effective oral appliance on the market.

myTAP can be fit in as little as 15 minutes, allowing same-day treatment and immediate relief. Because of the unique tray technology, myTAP can be reheated and refitted as many times as needed. The Precision-Fit trays can be adjusted immediately for maximum comfort.

myTAP saves time for patients, dentists, and physicians, since there is no need for a separate fitting appointment. myTAP is backed by our 30-day patient satisfaction guarantee and 90-day warranty.

Once you receive myTAP- **Terri Jones, RRT with Airway Management (1-866-264-7667)** will assist you with any questions moving forward.

SkyLink Medical will follow up with the patient in three months from their last visit to review the effectiveness of the treatment.
