Success of World Cogeneration Day - September 4

World Cogeneration Day made a big impact and impression on the world. The response to World Cogeneration Day has been epic. It achieved the mission to spread the word about Cogeneration and CHP to the world. World Cogeneration Day’s mission is to educate and celebrate the CHP and cogeneration movement worldwide and to help stakeholders drive market change for energy-efficient, resilient, and green CHP and cogeneration.

World Cogeneration Day has generated 100,000's of posts, hits, links, feeds, likes, comments, retweets, shares, clicks, views and social media activity over the duration of the week of September 4. World Cogeneration Day event became a "top-ranked" SEO on Google, Bing, and other search engines. Sponsors reported achieving over 20% engagement on posts (reactions + comments + shares + clicks and impressions), which is a 5 times multiplier from prior typical levels of engagement.

Thousands of influential people now know or know more about CHP because of this campaign. Your involvement helped make World Cogeneration Day a great success; "One Day for Cogeneration", with global connections using hashtag #WorldCogenerationDay. As has been said by many "Thanks for bringing this holiday to life!" Thank you all for your input and great contributions to the success of World Cogeneration Day!
