

# Give Like A Mother

## Core Values

### Give Our Best

**G**

**We don't do "just enough." We show up with heart.**

- We give the best of what we have—quality clothing, in-style choices, and clean items ready to wear.
- We give the best of ourselves—showing kindness, patience, and grace to our clients, teammates, and yes, even ourselves.
- We create a space where our community can serve and be served with dignity and respect.

As a volunteer, your care and attention directly impact how clients feel about themselves. It matters.

### Listen and Learn

**L**

**Every interaction is a chance to grow.**

- We listen to the needs and voices of our recipients, volunteers, donors, and partners.
- We learn from both our wins and our mistakes—and we don't shy away from change if it makes us better.
- We challenge harmful assumptions about those who seek help and use our work to break down stereotypes.

Your voice matters here, and so does the willingness to hear others. Stay curious and stay open.

### Appreciate Others

**A**

**Gratitude is our glue.**

- We appreciate our clients by treating them like the unique individuals they are—learning about their families and trying our best to meet their specific needs.
- We appreciate our team by honoring their time, clearly communicating, and recognizing that every role is important.
- We appreciate our donors by using what we're given wisely and responsibly.

### Make a Difference

**M**

**We're not just giving clothes—we're giving new opportunities.**

- For our clients, we boost confidence, meet practical needs, and ease financial stress.
- For our volunteers, we create space for friendship, service, and authenticity.
- For our community, we partner, uplift, and keep valuable items out of landfills.

The impact you have here may go farther than you ever see—but we promise, it's real!
