MT. SINAI ADVANCED INNOTATIONS IN HEART FAILURE
NEW YORK, NY
JANUARY 21, 2022

Target Audience

The 2022 Mount Sinai Advanced INNOVATIONS in Heart Failure Symposium has been designed to meet the educational needs of General and Sub-Specialized Cardiologists, Cardiothoracic Surgeons, Nurses, Nurse Practitioners, Transplant Professionals, Fellows in Training, VAD Coordinators and Ancillary Staff committed to caring for complex cardiac patients.

Educational Goal

The purpose of this activity is to provide participants with an educational review of heart failure and advanced cardiac care.

Learning Objectives

- Describe the benefits of revascularization in patients with ischemic cardiomyopathy
- Review the evidence for development of heart failure in patients with frequent VPCs and role of VPC ablation
- Describe the hemodynamic changes that occur in cardiogenic shock and how these changes are impacted by currently available drugs and devices
- Review the indications for and clinical outcomes with the use of temporary mechanical circulatory support devices in cardiogenic shock
- Review the impact of Covid on acute and chronic cardiac function
