100 TON MASTER CAPTAIN

STCW COMPLIANT & TOWING ENDORSEMENT

### PROFESSIONAL PROFILE

Experienced Captain with over 40 years of experience and 14,000 hours behind the helm. Grew up in Narragansett, RI where I have owned and operated over a dozen vessels beginning with my first Boston Whaler at age 13.

Extensively traveled Nantucket, Martha's Vineyard, Block Island, Newport, Long Island, Mystic and Essex Connecticut, Boston, including much of the North Atlantic for tuna with regular trips on the East and West Coast of Florida, incl. Panhandle, Alabama and Texas. Trips to Maine, Keys, Charleston, Hilton Head, Freeport, Exuma, Eleuthera, Nassau Bahamas, Caribbean, Chesapeake, Lake Erie and Erie Canal.

Ability to perform and monitor basic scheduled maintenance of diesel and gas engines, generators, water systems, sanitation systems, electrical systems, windlass. Extensive anchoring experience in all conditions and bottoms, towing, cold weather winterizing, and overall vessel management.

Strong navigational experience and proficiency with GPS, Epirb, VHF Radio, Depth and Fish Finder, Radar, and Charts. Frequent expert use of radar due to frequent heavy fog conditions in the Northeast. Extensive understanding charts, currents, weather, and some usage of SSB Radio.

Well versed in all "rules of the road", navigation, close quarters navigating, dead reckoning, and all safety procedures, equipment, and protocols.

Frequent hands-on instructor to teach boaters proper docking, anchoring, and charts. Always a patient approach to teaching new crew and boaters and to remain calm under pressure.

## TESTIMONIALS

I had Captain Ron, and a mate bring my boat from SC to Marathon in sloppy seas over 6-day period. The boat was delivered in the condition we gave it to him. It was clean inside. And rinsed of the salt water on the outside, tied perfectly in its new slip. I never met him as it was all done thru email, text and phone.

- DRM

I needed my boat delivered to Freeport, Bahamas from Islamorada in the keys where my wife and I have decided to winter as live-aboard for a few winters. The process was easy from the few repairs that needed done, the contract and payments. He was not the cheapest but in no way was the most expensive. I believe we got exactly what was promised. We ended up taking delivery of our boat one day late because of a storm one day. Our boat was cleaned, and they even gave it a rinse once in her slip.
