

ChargePoint Home Flex

Flexible amperage home EV charger

Everything you need in a home EV charger

ChargePoint® Home Flex combines speed, intelligence and flexibility to deliver a powerful home charging solution. From the company that brings you one of the nation's largest EV charging networks, Home Flex lets you charge your EV in the comfort of your own home.

+ Fast and powerful

Charges up to 9X faster than with a standard 110V outlet, delivering up to 37 miles of driving range per hour.

+ Ready for the future

Supports flexible current settings from 16A up to 50A to charge every EV model on the road today... and tomorrow.

+ Safe and efficient

UL listed and ENERGY STAR® certified for optimal reliability, safety and efficiency.

+ Flexible and durable

The high-quality 23-foot cable cable is easy to hang up when you're not charging and stays pliable even in cold weather.

+ Indoors or out

Sleek, thoughtful design with a small footprint to easily fit any garage or exterior location.

+ Charge with confidence

Backed by a 3-year warranty and 24/7 customer support.

ChargePoint Home Flex and the companion ChargePoint® mobile app

Better together

Charge smarter

+ Save money

Seamlessly connect to your local utility's rate plan so that you can schedule charging to begin when your utility rates are lowest.

+ Set reminders

Helpful notifications let you know when it's time to plug in, so your vehicle is always ready to go when you are.

+ Get valuable data

Track your home and public charging, including cost, energy used and distance traveled, in one place.

+ Connect to your smart home

Works with the apps and devices you already use, including Amazon Alexa, Android Auto, Apple CarPlay, Apple Watch and Wear OS by Google.

+ Access charging anywhere

Easily find, begin a charging session and pay at hundreds of thousands of ports on the ChargePoint and roaming partner networks.
