THE VANITY BOX®

Oh hey, y'all! Some of you may be new to the Vanity Box and some may have been rockin' with us for awhile. Either way, thank you for supporting the Vanity Box and for trusting us to provide you with a luxurious hair experience. We'll be using this newsletter to provide you with monthly updates, promotions, hair care tips, and more!

Our Harlem and DC locations are open, but please be advised, we ask that our customers wear a mask fully covering their mouth and nose before entering our stores. Keeping each other safe is everyone's job!

WIG MAINTENANCE

The most important thing besides looking good in your wig is maintaining it! With proper care, our hair extension bundles will last a year or longer. Lace closures usually last between 2-3 months. Because of the unique and delicate craftsmanship, lace frontals have a shorter life span of 4-6 weeks or 1-2 uses, and typically need to be re-applied and strictly maintained in order to get the full wear.

For all of our bundles, we recommend that you use sulfate free shampoos and minimize usage of oils. Some hair, like our Indian Natural Wavy, requires low heat or minimal usage of cream based products. We've made maintenance recommendations for each hair type [here](#)! You never have to wonder about hair care tips because we've got them for you. ;)
