

## SCHOOL HEALTH POLICY UPDATE 3-16-2020

Families of Hadley School,

As concerns around Coronavirus (COVID-19) increase, Hadley School is committed to communicating proactively and transparently with our families and children we serve.

We will work through this uncertain time together. We will continue to support you in improving interactions, regardless of the circumstance. In times like these when children may be fearful and in need of additional emotional support, meaningful positive interactions are even more important.

### **We are implementing the following new health policies at the school:**

Please notify us **immediately** if someone in your family gets sick.

No student or staff member will be allowed on campus if they have a respiratory illness.

We will be doing daily staff, parent and student health checks. Children or Staff with the following illnesses will not be allowed on school grounds: diarrhea, severe coughing, irregular breathing, cold like symptoms, pink eye, unusual spots or rashes, sore throat, infected skin conditions, stiff neck, vomiting, severe itching or ill behavior, a temperature of a 100 or higher, color discharge from nose or eye.

If your student shows any of the symptoms above they will be placed in an isolated area and a parent or approved pick up person must pick up the student within 20 minutes of receiving the phone call.

Until further notice only students will be allowed on campus. Adults will sign in the children between the school entrance gate and the office door. The students will have a health check, taken to the bathroom to wash their hands and taken to class. When you come to pick up your student please sign them out. We will call for your student who will then be brought to the exit gate. Elementary Parents: The teachers will bring the students to the gate. Please do not enter the yard area until further notice.

We know this is a stressful time and we are here to support you in any way we can. Please contact us with any questions or concerns you may have. We are in daily contact with the Health Department and CDC. We will post updated messages on our voice mail, Face Book, Instagram, and posted at the school.

Keep In Touch

**Please make sure the school has your correct telephone number and email.**
