## CCTV Technician

### Job Purpose:

The CCTV Technician is responsible for the installation, service and repair, alteration, and maintenance of IP-based closed-circuit television (CCTV) cameras, control devices, power distribution, and software configuration.

### Responsibilities:

- Performs installation & service
- Evaluates, diagnoses, and troubleshoots systems and performs repairs, as necessary
- Performs upgrades and additions to systems to increase functionality and usability
- Requests equipment and supplies to maintain inventory and ensure availability of required items
- Transports a variety of items (e.g., tools, equipment, supplies, etc.) to ensure availability of materials required at job site
- Responds to emergency situations during or after duty hours for the purpose of resolving immediate safety/security concerns
- Performs software configuration and programming as required
- Coordinates with customer and trades as needed to complete projects and services efficiently
- Assists in the development of training programs for employees as requested

### Qualifications/Skills/Licensure/Certifications:

- VALID FASA/BASA Certification.
- A minimum of 3 years related technical experience with security, surveillance
- Computer networking experience preferred
- Familiarity with low voltage systems and devices used in security and surveillance
- Effective communication and interpersonal skills, including tact and diplomacy
- Mechanical aptitude
- Ability to understand and follow instructions precisely
- Ability to work independently
- Ability to work in tight spaces such as attics and crawl spaces.
- Familiar with safety protocols
- Able to pass a criminal background check.

## Working conditions/Physical Requirements:

Work will generally take place during day shift hours; special circumstances may require weekends, or shift work. Work will include travel within Palm Beach and Broward Counties and may extend further out. Work may be either indoors and/or outdoors. The job may include extended periods of standing, lifting of heavy objects, or repetitive tasks and the use of lifts, ladders, or scaffolding. Work may include use of hand and power tools. Much work in attics is expected.

## Required Tools:

- Basic Hand Tools
- Cat 5e Tester
- Foreign Voltage Detector
- Multimeter (VOM)

## EEOC STATEMENT

We are committed to providing equal employment opportunities to all persons regardless of race, color, ancestry, citizenship, national origin, religion, veteran status, disability, genetic characteristic or information, age, gender, sexual orientation, gender identity, marital status, family status, pregnancy, or other legally protected status (collectively, "protected statuses"). We do not tolerate unlawful discrimination in any employment decisions, including recruiting, hiring, compensation, promotion, benefits, discipline, termination, job assignments or training.
