E-Mail Address

Describe your knife (model name, number, etc...):

Brief description of work to be done. Add a note if needed:

IMPORTANT - You must email us at david@curtisscustomknives.com to return a knife. All knives will be returned in the same packaging that you sent it in (no signature required) unless otherwise agreed upon by both parties. Please ensure someone will be available to receive the package or that it will be safe at the return address given above. If you are not available to receive the knife, you may consider sending it to your place of employment, a neighbor's house. Make sure the address given above is where you want the knife delivered! Curtiss Custom Knives LLC will not assume responsibility for items shipped to other addresses. Shipping notification and tracking information will be sent to the email address given on this form when the package is ready to ship.

Knives that have been disassembled and are returned in pieces will require a \$30 minimum re-assembly fee. If there are any non-warranty issues that will require additional payments, we will contact you.
