## Joseph and His Brothers – Genesis 37

Jacob's family grew and grew. Jacob had twelve sons, but Joseph was his favorite. Jacob gave Joseph a special robe.

Joseph's brothers were angry. Why didn't they get a special robe like Joseph?

Joseph had dreams. When Joseph told his brothers about his dreams, it made them even angrier!

"I had a dream last night," Joseph said. "In my dream, we were bundling grain. My bundle of grain was better than yours. Your bundles of grain were bowing down to mine!"

"I had another dream," Joseph said. "In this dream, the sun, moon, and stars were bowing down to me."

Joseph thought the dream meant that his father, mother, and siblings would bow down to him. Now the brothers were furious!

One day Joseph came out to the fields. His brothers were tending sheep. Joseph's brothers took Joseph's robe.

Then they threw him in a pit. The brothers sold Joseph to some traders. Then they dipped Joseph's robe in blood from a goat.

They showed the robe to Jacob. Jacob wept. He thought Joseph was dead.
