## **GRACE NOTES**

**December, 2020**

Greetings!

Last month I started by asserting that we were standing on the threshold of winter's door, and the few snowflakes we've seen would seem to affirm that assertion. As such, as most of you undoubtedly know, we have seen the last of our 9:00 AM outside worship services for this year. Pastor Stephanie and I want to thank all of you who faithfully came to that service, as well as all who dropped in from time to time, or even once. It allowed a portion of the Body of Christ to assemble and worship together in person during a time when not all were comfortable doing so indoors. Though we all understand that it is Mother Nature who precludes us from meeting outside for the winter, we are sad to see it come to an end. God willing, we will not need the outside service as extensively in 2021, but do not be surprised to see it offered now and again in some form. It is a wonderful experience to worship God in the natural setting in which He has placed us.

As you read this, we will have entered the season of Advent. This is always a special time of year as we anticipate the celebration of Christmas. Usually, I remind people to take a moment amid the holiday hustle and bustle to remember why we celebrate at this time of year. This year looks different than any other in my memory. We all individually face difficult decisions about whether we should gather with extended families over the holidays. It feels like we have been robbed of so many things this year; in many cases, we have. The reality is that we are facing things similar to what countless brothers and sisters in Christ have faced through the millennia. Christians in other parts of the world must choose every year whether it is safe to celebrate Christmas publicly. This year we are facing some adversity as a church and as individuals. Personally, I am using that adversity to deepen and sharpen my faith. I am allowing it to help me to understand what I have taken for granted my whole life. It makes me aware of how blessed I am to have been born when and where I was. The old adage is that we don't appreciate what we have until it is gone seems appropriate. I hope and pray that my appreciation of Advent and the celebration of Jesus' birth hits vividly home this year as I learn to more fully appreciate why He came into our broken world in the first place.

As I finish this final note of the year, I pray that God through the Holy Spirit gives each and every one of you the very thing you need as we close this most unprecedented year. I pray that each one of you will be refreshed in body, mind, and spirit as we look forward to a brand-new year. Peace be with you all.

In the name of Jesus Christ,

Pastor Tim

***A Safe, Secure, Faith-Based Learning Environment for the Children of Our Community***

Earlier this year, the “Virus” shut the Program down for five months. It now threatens to do the same, but God has other ideas right now.

Last week, the Jim Thorpe Area School District School decided that it would transition all education to a distance learning environment beginning Tuesday, December 1<sup>st</sup> with an anticipated reopening on January 19, 2020. Translated, this means that the children will attend school “virtually.” What this means to us is that the Program will be providing care and supervision for approximately 15 children needing a place from which to attend school. In other words, children enrolled in the Program will be spending their school day with us here at Grace-St Paul’s.

Putting the Plan and resources together to provide whole-day care, on such short notice, was a challenge. A 48-page plan was prepared, reviewed, and coordinated with GSP leadership. The results, I am happy to report, have been great. The challenges have been solved quickly, thank God and our excellent Staff at the Program.

We are implementing the Plan in such a way to keep the impact to the on-going GSP programs to a minimum.

We thank the Congregation for its continued support of God’ children!
