

Digital Evidence That Stands Up in Court.

Independent Forensics provides attorneys with verified, defensible digital evidence and expert analysis.

WHAT WE DO FOR ATTORNEYS

- **Mobile Device Extractions & Validation**
Forensically sound extraction and independent verification of phone data.
- **Data Interpretation & Timeline Reconstruction**
Turning raw data dumps into clear, chronological narratives.
- **Expert Witness Testimony & Reporting**
Clear, court-ready reports and confident testimony when it counts.
- **Chain-of-Custody Documentation**
Meticulous records that protect the integrity of every finding.

WHY IT MATTERS

- **Clarify Complex Digital Data**
Make the evidence understandable for judges and juries.
- **Identify Overlooked Evidence**
Surface exculpatory findings missed in state reports.
- **Strengthen Case Strategy**
Build strategy on verified, independently confirmed findings.
