

## **CANADA COUNSELING SERVICES**

In consultation with the Canadian Consular Office in Nicosia, we assist students wishing to study in Canada through our in-depth advising packets. We offer help for both undergraduate and graduate degrees. Below are the different advising packets we offer.

Please read carefully what each

packet offers so that there are no misunderstandings as to what the advisors can do for the package you sign up for.

Applications to US universities is a year-long process. It is advisable to sign up for the advising packet by December 1 of the year before the student wishes to study. Applimates will work with work with students and parents for the entire year.
