Description:

Housing on Cape Cod could be pricey. Cape Cod is a very popular destination for students, so it is very important that you secure housing AS SOON AS you get hired. The housing might not have a lot of amenities. Many accommodations do not come with a washer or dryer so students go to laundromats. There might not be access to a full kitchen. Many students find accommodations in homestays or extended stay motels. You should be prepared that housing could be small, shared and anywhere from 1-5 miles from employer. Students must research housing options online and secure housing prior to arrival. CIEE will ask you to provide your housing information at least two weeks before your departure to the US. Failure to confirm housing may cause placement cancellations.
