**(SAME AS ON PETITION)**

**The Attorney General of California has prepared the following circulating title and summary of the chief purpose and points of the proposed measure:**

(21-0035A1.) REPEALS THREE STRIKES SENTENCING LAW. INITIATIVE STATUTE. Eliminates third-strike sentencing enhancement that currently imposes life imprisonment with possibility of parole for serious felony offenders with two or more prior serious or violent felony convictions. Eliminates second-strike sentencing enhancement that currently doubles sentence term for felony offenders with one prior serious or violent felony conviction. Requires resentencing of inmates who would have received lesser sentences under this measure. Maintains other sentencing enhancements for repeat offenders. Applies savings from sentencing changes to public school youth-mentoring programs, tuition assistance at California Community Colleges and California State University, and restorative justice and transitional housing programs. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: Net state criminal justice system savings that could range from the low hundreds of millions of dollars to over \$1 billion annually, which would be spent on education, restorative justice, and transitional housing. Temporary increase in county criminal justice system costs that could be in the tens of millions of dollars annually.
