

Many thanks for copying me into the below email regarding the installation of new telegraph lines in the constituency. I have been in contact with Openreach in the previous weeks regarding this issue and I have been contacted by a number of constituents who have expressed their concerns.

I am aware that they chose to install them this way as they had the consent of the landowners and because it was their view that installing through underground cables would have caused too much disruption in their view. However, due to the level of concern, I have requested to meet with them to discuss this further and I would be happy to provide updates to the community council as required.

Yours Sincerely,

Stuart McDonald MP  
Cumbernauld, Kilsyth and Kirkintilloch East
