Hi Paul,

Re the traffic survey noted in the e-mail from Thomas below. No one in the community has saw hide nor hair of anyone from EDC carrying out a traffic survey, can you try and find out why it hasn't been done yet and when it will be done. Why is an external contractor required, why doesn't council carry put the equipment in place, surely they do own such equipment for traffic counting.

Kind regards,

Kind Regards,

**Brian J McFall**  
**Secretary - MOCCC**

Hi Brian,

Received an update on the junction after chasing again.

As an aside, have raised the issue of the education money with the Deputy Chief Exec.

Once I have a reply, I will let you know.

Best regards,

Paul

Councillor Ferretti

By way of an update on your follow up enquiry, I can advise that the Roads Technical and Engineering Team have arranged for an additional traffic survey so we have up to date information. Regrettably this will not take place until later in October or perhaps early November depending on the availability of the external contractor.

Once the Service has the information we will be in a better position to provide and update/view on the junction.

I trust this information is of assistance.

Regards

Thomas McMenamin
