Hi Paul,

Thanks for the update, can you please keep on top of them. As k for a full report on the visit and the information supplied to them showing industrial waste on site, further waste has appeared over the weekend. It is as clear as the nose on my face that they are taking in illegal substances and not doing what their exemptions allow, they only have exemptions not a license.

Kind Regards,

**Brian J McFall**

OFFICIAL

Cllr Ferretti,

Thanks for your email. SEPA are aware of the online adverts that have been placed and can confirm that PWS have been notified in correspondence that neither the mobile plant licence nor the registered exemptions cover these activities. This and other outstanding issues will be addressed at the forthcoming inspection which is planned for next week.

Regards,  
David
