Good morning Gillian,

We have heard on the grapevine that villagers who have previously expressed an interest in having an allotment are being asked what sort of size they would like. That suggests to me that the final stage of layout design is underway and as such all site investigations and reports will be complete.

As such under the freedom of information act, Milton of Campsie Community Council would like a copy of all investigations and reports and a copy of all proposed layouts of which there must be at least a concept design at this stage. We would also request to be provided with a current expenditure breakdown to today's date.

These documents should all be readily available now and a reply or replies with attachments should be easy enough to do over the next couple of days

Kind Regards,

Brian J McFall
Secretary - MOCCC
