

East Dunbartonshire Local Development Plan 2

Development Plan Scheme 2020

What is a Development Plan Scheme?

This Development Plan Scheme (DPS) sets out the programme for preparing East Dunbartonshire's second Local Development Plan (LDP 2). It includes:

- An explanation of what a development plan is;
- An update of progress to date in preparing the next Local Development Plan;
- A programme setting out the next steps towards preparing the next Local Development Plan; and
- A Participation Statement, which sets out when and how you can next get involved.

The Development Plan System

Development Plans guide the future use of land and the development of cities, towns, villages and rural areas. They indicate where development, including changes of use, should or should not take place. Planning applications are usually determined in accordance with planning policies set out in the development plan unless material considerations indicate otherwise.

The Development Plan framework in East Dunbartonshire currently consists of three core statutory documents:

National Planning Framework (2014)

The NPF sets out a long-term vision for development and investment across Scotland, including development proposals that are considered to be of national importance. Planning authorities are required to take account of the NPF when preparing their own development plans and making development management decisions.

<https://beta.gov.scot/publications/national-planning-framework-3/>

Email: developmentplans@gov.scot

Strategic Development Plan (2017)

SDPs set out a long-term land use planning strategy indicating where future development will be located and what is needed to deliver it. The SDP for the Glasgow City Region is prepared by the Glasgow and the Clyde Valley Strategic Development Plan Authority (Clydeplan). The eight member councils are: East Dunbartonshire, East Renfrewshire, Glasgow, Inverclyde, North Lanarkshire, Renfrewshire, South Lanarkshire and West Dunbartonshire.

Email: info@clydeplan-sdpa.gov.uk

Local Development Plan (2017)

Sets out detailed policies and specific proposals for the development and use of land throughout East Dunbartonshire. Its purpose is to guide decisions on planning applications, highlight development opportunities, promote economic development and protect the natural and built environment. A series of Supplementary and Planning Guidance documents support the Plan.

Email: development.plan@eastdunbarton.gov.uk

Why are we preparing a new Local Development Plan?

Planning authorities are required to replace their Local Development Plan at least every five years, in line with the Planning etc (Scotland) Act 2006. This is to ensure that the planning policy framework is up-to-date and relevant to the changing needs and aspirations of our local communities, landowners and developers. As the current LDP was adopted in February 2017, the next LDP is required to be adopted by February 2022.

Review of the Planning System – The Planning (Scotland) Act 2019

In June 2019, the Scottish Government concluded a [Review of the Scottish Planning System](#), with the passing of the Planning (Scotland) Act 2019. The Act includes a broad range of changes to be made across the planning system in Scotland including:

- New arrangements for the preparation of development plans
- Replacement of Strategic Development Plans with Regional Spatial Strategies
- New development management procedures and considerations
- A focus on delivery and improved performance
- Proactive masterplanning

Details of how these new provisions will work in practice will be contained in secondary legislation and guidance, to be developed in the coming months and years. The Council's intention is to continue preparing LDP 2 under the provisions of the Planning etc (Scotland) Act 2006, but gradually align with the new procedures to ensure it is consistent with the overall aims of the new development plan system.

Timetable and Stages of Preparing a Local Development Plan

We have prepared a timetable for LDP2 (subject to the Planning (Scotland) Bill as noted above) with details of the key stages and time-periods.

Stage	Key Tasks	Time Period
1. Early Engagement & Evidence Gathering	<ul style="list-style-type: none"> Early engagement takes place with key agencies, stakeholders and the wider public to scope out the issues that the plan should address. Detailed monitoring of the current LDP takes place as well as evidence gathering to provide the evidence base for the Main Issues Report. Local communities and developers are invited to suggest potential development sites. Supporting technical reports are prepared including a Monitoring Statement and Strategic Environmental Assessment (SEA) Scoping Report. 	November 2018 – May 2019 COMPLETED
2. Main Issues Report	<ul style="list-style-type: none"> The Main Issues Report (MIR) is prepared taking into account the early engagement and evidence gathering. The MIR contains options for development and policy content, together with alternatives The MIR is published for consultation accompanied by the Monitoring Statement and an Environmental Report. This is the main stage of public consultation when the Council does not have a fixed view on the content of the plan. 	June 2019 – March 2020 COMPLETED
3. Proposed Local Development Plan 2	<ul style="list-style-type: none"> The Proposed LDP 2 is prepared taking into account the consultation responses to the MIR. The Proposed Plan contains a vision, spatial strategy, policies and proposals, which together represent the Council's settled view on what should be included in the plan. The Proposed LDP 2, accompanied by the Proposed Action Programme, Supplementary Planning Guidance, Habitats Regulations Appraisal (HRA) Record and revised Environmental Report, is published and representations invited. Publicity includes notification to neighbours of sites proposed for development. 	March 2020 – June 2021 IN PROGRESS
4. Submission To Scottish Government	<ul style="list-style-type: none"> Outcomes of the Proposed LDP 2 consultation are written up in the format required for examination - Schedule 4 forms for each unresolved issue (summarising the representations, changes sought to the plan and the Council's response) The Proposed Plan is submitted to Scottish Ministers for examination 	June 2021

	<ul style="list-style-type: none"> • A Proposed Action Programme is also submitted, setting how, when and by whom the plan will be implemented. • The Environmental Report and HRA record are updated if required. 	
5. Examination	<ul style="list-style-type: none"> • Scottish Ministers appoint reporters to independently examine the unresolved issues which have arisen out of the representations; • The Reporter(s) will weigh up the issues whilst considering input from a variety of sources and stakeholders before reaching a conclusion and a recommendation; • The reporters may decide to obtain further information by means of inquiry sessions, hearings or written information requests; • An Examination Report will be produced with recommendations on each of the issues. These are largely binding on the Council. 	July – December 2021
6. Adoption Of Local Development Plan	<ul style="list-style-type: none"> • The Council publishes a Modified Plan, including all modifications recommended in the Examination Report unless certain exceptional circumstances apply. • The Council advertises its intention to adopt the Modified Plan, and sends it to Scottish Ministers. • The Council adopts the plan 28 days after submission to Scottish Ministers, unless otherwise directed. • The LDP 2, Action Programme and SEA Post-Adoption Statement is published. • The Action Programme is published within 3 months of adoption • Upon adoption, Local Development Plan 2 becomes a legal document used for the assessment of planning proposals. 	February 2022

Strategic Environmental Assessment

The Environmental Assessment (Scotland) Act 2005 makes Strategic Environmental Assessment (SEA) a legal requirement for many public plans, programmes and strategies, including the Development Plan. The policies and proposals contained within the new Local Development Plan will be assessed for their potential impacts on the environment using the SEA process.

The purpose of SEA is to provide a high level of protection for the environment by ensuring that environmental issues are considered by decision makers alongside social and economic issues. It does this by systematically assessing the potential significant effects of the plan, and recording the results in an Environmental Report. It also makes sure that the decision making process, in relation to the environment, is open and transparent by providing opportunities (through a period of consultation) for the community and other stakeholders to get involved at an early stage.

Equality Impact Assessment

An Equality Impact Assessment (EIA) is a structured way of analysing the functions and policies of Council Services to establish how they affect different groups in the community. This can help us to identify any negative impacts any of our services might have on a particular group or sector of the community. We can then take action to help minimise or eliminate any negative impacts.

Carrying out an EIA involves an assessment of the likely (or actual) effects of policies on people in respect of 'protected characteristics'. Protected characteristics are defined within the Equality Act 2010 as: age; disability; gender reassignment; marriage & civil partnership; pregnancy & maternity; race; religion & belief; sex & sexual orientation. As part of the preparation of the Local Development Plan 2, the Council will assess the potential impact on each of these groups.

Participation Statement - Consultation & Engagement Programme

East Dunbartonshire Council is committed to an inclusive and transparent LDP process. We want as many people as possible have the opportunity to engage in the process of preparing the Local Development Plan. You may want to do this on your own or as part of a local organisation, such as a community council, residents association, local business or voluntary group. Everyone is entitled to comment and this applies as much to people who support the plan as to those who want to make objections. We will notify the public, interested parties and all other stakeholders at key stages throughout the LDP process, beginning with an early engagement exercise, and prior to the carrying out of any substantial work on the plan.

Stage	Who We Will Consult With	Methods
1. Early Engagement & Evidence Gathering	<ul style="list-style-type: none"> • Key Agencies and Public Sector Bodies including Scottish Natural Heritage, the Scottish Environment Protection Agency, Scottish Water, Scottish Enterprise and SPT • Scottish Government • East Dunbartonshire Council Councillors and employees • Adjoining planning authorities; Glasgow, North Lanarkshire, Stirling, West Dunbartonshire • Community Planning Partnership Partners • Community Councils within East Dunbartonshire • Residents Associations and Groups • Equalities Groups • Gypsy Travellers • Local Schools • Landowners • Local Churches • Businesses and the development industry 	<ul style="list-style-type: none"> • Council website including questionnaires. • LDP Newsletter • Social media promotion including Twitter, YouTube and Facebook • Depositing consultation documents in public libraries and Community Hubs • Local newspaper press releases • Community Workshops • Questionnaire • Drop In Sessions • Place Standard • Call for Sites • Community Council and Groups Session • Attending Community Council meetings where requested • Direct contact, meetings and presentations • Developers / Planning Consultants Workshop

	<ul style="list-style-type: none"> • Utility Companies • Local Development Plan database contacts and other potentially interested parties. 	
2. Main Issues Report	<ul style="list-style-type: none"> • Key Agencies and Public Sector Bodies including Scottish Natural Heritage, the Scottish Environment Protection Agency, Scottish Water, Scottish Enterprise and SPT • Scottish Government • East Dunbartonshire Council Councillors and employees • Adjoining planning authorities; Glasgow, North Lanarkshire, Stirling, West Dunbartonshire • Community Planning Partnership Partners • Community Councils within East Dunbartonshire • Residents Associations and Groups • Equalities Groups • Gypsy Travellers • Local Schools • Landowners • Local Churches • Businesses and the development industry • Utility Companies • Local Development Plan database contacts and other potentially interested parties. 	<p>Consultation subject to detailed design to take into account comments at early engagement and in response to this document.</p> <ul style="list-style-type: none"> • Council website, including downloadable consultation documents and response forms • LDP Newsletter • Local newspaper press releases • Social media promotion including Twitter, YouTube and Facebook; • Depositing consultation documents in public libraries and Community Hubs • Drop-in sessions at key locations • Attending Community Council meetings where requested
3. Proposed Local Development Plan 2	<ul style="list-style-type: none"> • Key Agencies and Public Sector Bodies including Scottish Natural Heritage, the Scottish Environment Protection Agency, Scottish Water, Scottish Enterprise and SPT • Scottish Government • East Dunbartonshire Council Councillors and employees 	<p>The following methods have been amended as set out below in Covid-19 2020 Alteration to the Development Plan Scheme section.</p> <p>The previously provided methods are still included in this box for reference only.</p>

	<ul style="list-style-type: none"> • Adjoining planning authorities; Glasgow, North Lanarkshire, Stirling, West Dunbartonshire • Community Planning Partnership Partners • Community Councils within East Dunbartonshire • Residents Associations and Groups • Equalities Groups • Gypsy Travellers • Local Schools • Landowners • Local Churches • Businesses and the development industry • Utility Companies • Local Development Plan database contacts and other potentially interested parties. 	<p>Consultation subject to detailed design to take into account comments at Main Issues Report and in response to this document.</p> <ul style="list-style-type: none"> • Council website, including downloadable consultation documents and response forms • LDP Newsletter • Local newspaper press releases • Social media promotion including Twitter, YouTube and Facebook; • Depositing consultation documents in public libraries and Community Hubs • Drop-in sessions at key locations • Attending Community Council meetings where requested • Notification of the owner, lessee or occupier of any premises situated on, or adjacent to, a proposed development site
4. Pre-Examination	<p>Following the end of the Proposed LDP representation period, the Council may make proposed modifications to the plan prior to submitting to the Scottish Government. These would take account of representations or minor drafting and technical matters.</p>	<p>To be reviewed in light of Covid-19 in 2021.</p> <ul style="list-style-type: none"> • Council website, including downloadable consultation documents and response forms • LDP Newsletter • Local newspaper press releases • Social media promotion including Twitter, YouTube and Facebook; • Depositing consultation documents in public libraries and Community Hubs

5. Submission To Scottish Government	Council officers will prepare the materials required for an examination to take place. When the Proposed LDP is submitted to the Scottish Ministers, a proposed Action Programme must also be submitted. This sets out a list of the actions required to deliver each of the plan's policies and proposals, along with details of who is responsible for carrying out the action and an indicative timescale	No consultation or engagement required, however the LDP Newsletter will provide an update.
6. Examination	The examination reporter may make requests for further information from either the Council or those who submitted representations. The reporter may also request that a hearing takes place to gain further information on a certain topic or issue.	The reporter will be responsible for contacting relevant parties directly.
7. Adoption Of Local Development Plan	No consultation required	<p>To be reviewed in light of Covid-19 in 2022.</p> <p>The Council will use the following methods to publicise adoption of the LDP:</p> <ul style="list-style-type: none"> • Contacting everyone who submitted representation(s) at any stage during the LDP preparation process • Contacting Community Councils and residents groups • Updating the Council website • Arranging local newspaper press releases; • LDP Newsletter • Social media promotion including Twitter, YouTube and Facebook; • Depositing adopted documents in public libraries and Community Hubs.

Covid-19 2020 Alteration to the Development Plan Scheme

The participation statement relating to the Proposed Plan set out above requires amendment as a result of the Covid-19 pandemic. In view of the current exceptional circumstances relating to Covid-19, the Scottish Government has issued interim guidance (May 2020) on consultation in local development planning to assist planning authorities and their stakeholders.

The Guidance provides advice on consultation and engagement whilst there is a ban on public gatherings and there is a need for physical distancing and states that:

- Plans should therefore continue to progress where possible so they are as relevant as they can be to give confidence and certainty to stakeholders as we emerge from the emergency.
- If the whole engagement period takes place whilst there is a ban on gatherings and there is a need for physical distancing, we would expect authorities to also enhance their non-digital communication to enable opportunities to have specific questions responded to informally.
- It is for planning authorities to explain the approach they take to consultation and engagement. They may wish to consider extending timescales and/or allowing informal opportunities to comment

outwith the statutory process; however, in the interests of clarity and fairness periods should not be open-ended. Authorities can usefully make clear any changes to consultation arrangements by amending the Participation Statement in their Development Plan Scheme.

The guidance provides suggestions for enhanced digital and non-digital communication, at different stages in the Development Plan process. Specific digital methods include more information on website, including live and interactive web based events for the public to ask questions and receive responses. Non digital methods include more articles in local press, expanding contact with community councils and letters to households where there are significant proposals for change. People should also be advised that they can obtain copies of the engagement materials offline, and submit comments by post.

As a result of Covid-19 and the likelihood that physical distancing will remain in place during the Proposed Plan consultation, the Development Plan Scheme requires some updates.

The following risk assessment has been carried out:

Risk	Impact on DPS consultation methods	Control Measure – Digital	Control Measure – Non-Digital
Risk of infection mean more individuals need to stay at home, in particular those who are shielding.	Meetings such as drop in sessions may not be possible as they are public gatherings which are not allowed/ restricted due to social distancing requirements. Reference copies of documents may not be available for public view in libraries due to infection risk. Face to face meetings with an individual or groups may not be possible due to social distancing requirements.	No implications	<ul style="list-style-type: none"> • If in exceptional circumstances officers are required to meet with individual, maintain required distance (at present 2 metres) if meeting a person, in a Council community hub office which has the facilities to cater for this and subject to risk assessment. • Reference copies of documents would only be provided if the Council reopens libraries.
Businesses do not have as much scope and/or time to participate in consultation period, due to businesses being furloughed or operating with reduced capacity	Legal minimum of 6 weeks may not give enough time for businesses and other stakeholders to respond as a result of Scottish Government Covid-19 restrictions/ impacts.	<ul style="list-style-type: none"> • Extended consultation period. • Live Question & Answer session, for those who register. • Helpdesk, by online live chat for specific time slots. 	<ul style="list-style-type: none"> • Extended consultation period. • Help desk, responding to phone calls during the working day.
Individuals do not have as much scope and/or time to participate in consultation period, due people having increased caring responsibilities.	Legal minimum of 6 weeks may not give enough time for businesses and other stakeholders to respond as a result of Scottish Government Covid-19 restrictions/ impacts.	<ul style="list-style-type: none"> • Extended consultation period. • Information video /slideshows • Live Question & Answer session, for those who register. • Helpdesk, by online live chat for specific time slots. • Email those who participated in early engagement and Main 	<ul style="list-style-type: none"> • Extended consultation period • Help desk, responding to phone calls during the working day. • Notification letters to neighbours of proposed development sites in LDP2.

		Issues Report stages, to advise them of the consultation arrangements.	
A person who cannot access digital communication may find it harder or impossible to participate in the consultation	Public buildings like libraries or council community hubs are closed or may have restrictions on use so a person may not wish to access public buildings like libraries or council community hubs.	N/A	<ul style="list-style-type: none"> Publicise consultation in local newspapers. Posting out a representation form on request. Paper copies of LDP2 available to purchase. Help desk, responding to phone calls and replying to letters available during the working day Printed copies of the Newsletters can be posted out on request.
Community Councils and groups and individual people are less able to meet to discuss issues, share ideas to help form a representation	<p>Opportunities for face to face collective discussion cannot be provided. Public gatherings are not permitted or restricted by Scottish Government.</p> <p>This would prevent physical drop-in sessions and attending Community Council meetings.</p>	<ul style="list-style-type: none"> Consult these groups on proposed amendments to the Participation Statement, to take account of Covid – 19 arrangements. E-mail contacts to highlight consultation methods. Offer an online, live Question & Answer session for community councils and groups. 	<ul style="list-style-type: none"> As for individuals above. Post out posters for display in community notice boards, on request.
Community focus of LDP2 is not promoted as effectively as a result of not being able to hold community drop ins.	Unlikely to be able to hold drop in sessions within each community area	<ul style="list-style-type: none"> Each live Q&A session, for those who register, will apply to all areas but also have a focus on one/ or two community areas. 	Notification letters to neighbours of proposed development sites in LDP2.

Schools may have less staff capacity to make pupils aware of consultation.	A physical group workshop in a school is unlikely to be appropriate due to restrictions.	<ul style="list-style-type: none"> E-mail staff to offer an online, live Question & Answer session, tailored for schools. 	No implications
Reduced staff available in the Plans and Policy Team due to sickness or changes in working patterns due to Covid 19.	<p>Staff time to deliver long meetings either physically or on video or options such as a continuous live chat function.</p> <p>LDP2 team ill / child care not in place.</p>	<ul style="list-style-type: none"> Pre recorded Video/ slideshow. Helpdesk, by online live chat for specific time slots. Live Q&A session, for those who register will need less staff. 	Help desk meetings only apply when the issue cannot be resolved online or by telephone. Therefore fewer staff needed for these.

As a result the following changes to the Development Plan Scheme are proposed:

Participation Statement 2019 Method	Factors influencing changes in approach	Updated Participation Statement 2020 Method
-	Update Participation Statement after consulting with Community Councils and groups on the strategy for Proposed Plan Consultation. This will include the above risk assessment of consultation arrangements, following Scottish Government Advice on Covid 19, to minimise public health risk to members of the public and Council staff.	Updated Participation Statement
Council website, including downloadable consultation documents and response forms	The website becomes the main way to provide information on Proposed Plan and the consultation process. Online newsletters about the Proposed Plan consultation will be added to the website along with a video, to promote the consultation and use of the Council's online response form.	<p>Council website, including downloadable consultation documents and on line response form.</p> <p>Hard copies available on request, subject to Publication Scheme.</p>
LDP Newsletter	No change. The newsletters will be used to promote the consultation and plan content. They will provide information on how to make a representation and information for each of the seven community areas. The newsletters will also be available for those who do not have access to a computer and can be emailed or posted out on request.	LDP Newsletter, available online, and in hard copy on request

Local newspaper press releases	No change, increase frequency of press releases to promote the consultation and plan content.	Local newspaper press releases
Social media promotion including Twitter, YouTube and Facebook.	No change, maintain frequency of social media to promote the consultation and plan content.	Social media promotion including Twitter, YouTube and Facebook.
Depositing consultation documents in public libraries and Community Hubs	<p>Scottish Government advice is that consultation documents can be provided on line, to prevent infection risk.</p> <p>If a person does not have access to a computer they can buy a copy of the Plan/ section relating to their community, for the cost of printing and postage.</p>	<p>Depositing consultation documents on the Council website.</p> <p>Hard copies of the Proposed Plan and other consultation documents available for purchase on request.</p>
Drop-in sessions at key locations	<p>The public gathering at a drop in event is not appropriate due to public health risk.</p> <p>Instead of physical drop in session provide helpdesk advice in line with the Council's click, call, come in approach to customer services: online by email, telephone or in exceptional circumstances in person at a Council Hub. Meetings with a planning officer will be by appointment only, where issues cannot be resolved online or by telephone. The meetings will be held at a Council Hub, where social distancing arrangements are in place.</p> <p>Question & answer session on Proposed Plan consultation process will be provided using an online live chat function. Each session will provide an overview relevant to all areas and have a section where more information is provided for one or more specific community areas. Members of the public, community council/ group, developer or agent will be asked to register to attend a session.</p>	<p>Helpdesk advice online, by telephone or in exceptional circumstances by meeting a planning officer at a Council Hub, subject to risk assessment.</p> <p>Question & Answer sessions on Proposed Plan consultation process, online. These will include the opportunity to consider individual community areas.</p>

Attending Community Council meetings where requested	<p>The public gatherings at a community council meeting are not taking place due to public health risk.</p> <p>Note there will also be an early consultation on the Proposed Plan consultation strategy for community group representatives, by online live video conferencing.</p> <p>Community councils and groups will be contacted with consultation arrangements and invited to attend a question and answer session specifically for community groups and schools, related geographically to one or more Community Council areas.</p>	<p>Question and answer session online, specifically for Community Councils.</p> <p>Attending on-line Community Council meetings where requested</p>
Notification of the owner, lessee or occupier of any premises situated on, or adjacent to, a proposed development site	No change. Officers will use Council offices to produce letters, once these are reopened.	Notification of the owner, lessee or occupier of any premises situated on, or adjacent to, a proposed development site

The Development Plan Scheme 2020 Participation Statement for the Proposed Plan stage is therefore as follows:

Stage	Who We Will Consult With	Methods
3. Proposed Local Development Plan 2	<ul style="list-style-type: none"> Key Agencies and Public Sector Bodies including Scottish Natural Heritage, the Scottish Environment Protection Agency, Scottish Water, Scottish Enterprise and SPT Scottish Government East Dunbartonshire Council Councillors and employees Adjoining planning authorities; Glasgow, North Lanarkshire, Stirling, West Dunbartonshire 	<p>Consultation subject to detailed design to take into account comments at Main Issues Report and in response to this document. Representation Period to take place for 12 weeks to provide additional time for response.</p> <ul style="list-style-type: none"> Council website, including downloadable consultation documents and on line response form.

	<ul style="list-style-type: none"> • Community Planning Partnership Partners • Community Councils within East Dunbartonshire • Residents Associations and Groups • Equalities Groups • Gypsy Travellers • Local Schools • Landowners • Local Churches • Businesses and the development industry • Utility Companies • Local Development Plan database contacts and other potentially interested parties. 	<ul style="list-style-type: none"> • Hard copies available on request, subject to Publication Scheme. • LDP Newsletter, available online, and in hard copy on request • Local newspaper press releases • Social media promotion including Twitter, YouTube and Facebook • Depositing consultation documents on the Council website. Hard copies of the Proposed Plan and other consultation documents available for purchase on request. • Helpdesk advice online, by telephone or in exceptional circumstances by meeting a planning officer at a Council Hub, subject to risk assessment. • Question & Answer sessions on Proposed Plan consultation process, online. These will include the opportunity to consider individual community areas. • Question and answer session online, specifically for Community Councils. • Attending on-line Community Council meetings where requested • Notification of the owner, lessee or occupier of any premises situated on, or adjacent to, a proposed development site
