Post Final Inspection:

Owner Names _____	Signature _____	Date _____
Owner Names _____	Signature _____	Date _____
Authorized Signature _____	Title _____	Date _____

IMPORTANT. Final approval for modification will not be granted until Post final inspection.

Design Review Matrix and Fee Schedule

Design Review Request form:

The request is a three phase form, with three signing points throughout the project by the homeowner and committee. The final approval will only be granted after completion and walkthrough with the homeowner and committee member or committee appointed representative. (See attached form)

The completed form should list all work to be performed, submitted with a drawing. Sites walk through and explanation of DCCR regulations with homeowner should be performed before pre-construction sign off.

A mid-construction walk-through and inspection needs to be performed, before sign off of mid-construction phase.

Final inspection walk through with all Design Review request completed before final approval is granted.

Design Review Level Scale Matrix:

0 Level/ fee \$0:

Any request that has been pre-approved by the Board (i.e. Approved screen doors, security lighting storage units, solar PV systems, satellite dishes, etc.) the cost to the home owner will be free, but still must follow all Design Request Guidelines.

The association will provide plans of specification and model numbers to home owner to use this level.

0A Level/ fee \$0:

Any form of landscape request that has grass, bushes, trees and non-cemented stones or pavers type bricks. NO electrical or plumbing, cement or sprinkler systems are allowed at this level.

Low level/ fee \$25:

Any non approved screen doors, Security lighting, storage units. Any form of permanent sprinkler system.

Mid-Level/ fee \$75:

Any form of backyard cement work and electrical work.

High Level/ fee \$150:

Any form of structural additions. Any form of modification to the outside of the structure. Any decking (Excluding cement) that is attached to the building. Any form of structure that is built within the backyard of the unit.

**High level request will be approved by the board
before construction may begin.**

Fee explanation:

Any level the homeowner request fee falls under will cover any lower level work. For example, if a homeowner is installing a cement patio slab the Design request fee will be \$75 dollars and the owner may perform any type of work from level 0 to mid-level with that single fee as long as it is on the request form and approved by the committee.
