

Sound Transit Move Forward on Fourth Email Letter Campaign

4th Ave Tunnel Station avoids 5th Ave impacts!

Save the CID! Share this info with family, friends, neighbors, and networks.

4th Ave. South is the best location for a new light rail station:

- Connects Pioneer Square, CID, Beacon Hill & eastside cities, south to the airport and north to Everett
- Provides direct light rail access to CID, resulting in economic opportunities for CID businesses and easy access for CID residents, employees, business owners.
- Connects CID residents & businesses to the rest of the city, anywhere that light rail goes
- Allows easy access for people to visit, shop and eat in the CID

Sound Transit is already working on a Refined 4th Avenue Option:

- Improving traffic flow, access to buildings & businesses
- Shortening construction time
- Working with the City on 4th Ave. viaduct, 2nd Ave. Extension, Jackson and Main Street bridge rebuilds **concurrently** to minimize construction disruptions to Chinatown, Japantown, and Little Saigon

North of CID and South of CID Options will:

- Isolate residents and harm business prospects
- Require long walks and transfers that unfairly harm people of color and people with disabilities

How to Write Your Email in English, Chinese, Vietnamese & other languages:

1. Begin with: To *Sound Transit Board Members and Seattle City Council Members*
2. Tell them to choose 4th Avenue as the preferred alternative.
3. Choose 2 or 3 reasons from bulleted lists above.
4. Conclusion: tell Sound Transit: Move Forward on 4th and take 5th Ave. off the table.

Email to **Sound Transit Board**: emailtheboard@soundtransit.org and

Seattle City Council: council@seattle.gov

Cc: Nicole.kistler@seattle.gov; elliott.helmbrecht@seattle.gov

Go to “Move Forward on 4th” Petition and sign at: <https://chnng.it/5qMfLLBD>

Thank you.
