ULTRACELL FULL SPECTRUM HEMP CBD TOPICAL

UltraCell Full Spectrum Hemp CBD Topical combines our trademarked, full spectrum CBD hemp oil with a proprietary blend of essential oils to help soothe and relax away aches and pains. Aloe gives our Topical a luxurious feel and leaves your skin feeling silky. The balance of essential oils, including black pepper, chamomile, and peppermint with UltraCell CBD hemp oil creates harmony to ease your mind and body.

THE SYSTEM

The endocannabinoid system is ever present in the human body. This complex network impacts many areas of health and is most abundant in the brain and immune system. The ECS has been shown to be integral in body processes such as sleep, relaxation, and cognitive function. Through the production and use of natural endocannabinoids, the body regulates these systems. When production of those becomes slowed or impaired, cannabimimetics and phytocannabinoids can supplement what the body may be lacking.

EXCLUSIVE TECHNOLOGY

As we all know, oil and water don't mix. This can be a challenge when taking oil-based supplements. UltraCell turns oil-based compounds into a water soluble format. Our exclusive technology has been proven in a clinical study to make oil supplements highly bioavailable. Thanks to powerful technology, all of the benefits of UltraCell are available to you at peak capacity.
