

I Had A Dream

I had a dream last night
The good guys won the war
They celebrated all night long
Like the Ewoks on Endor

In that lucid moment
I saw the history
Why misguided people
Believe conspiracies

Who started the Reichstag fire
Big lie, say it louder!
Brought the Nazi's to full power
Just part of the Fascist Playbook

Mussolini wrote the Bible
Son of the media mother
Like his TV game host brother
Children of the Fascist Playbook

I had a dream last night
The anger went away
We cried in happiness
It was a pretty day

My mask was left at home
The cure is finally here
Thank God science found it
We can love without fear

Dictator conceded power
No followers in denial
Decency provided guidance
No time for the Fascist Playbook

No hate hiding in my heart
We're all related from the start
Took the time to meet the neighbors
No light for the Fascist Playbook
