

## **She's Crazy**

Diamonds at the seaside  
Pearls while she's asleep  
Suitcase full of everything  
Oh man I'm in too deep

She can't behave while she's away  
She's not so great at home  
I try like hell to calm her down  
Imagine life alone

She's beautiful  
She's crazy  
She makes me feel like I'm alive  
I'm faithful  
Too lazy  
I believe in all her lies

I know it's just her vanity  
That makes her self absorbed  
She's messing with my sanity  
But baby I'm not bored

I swear I'm gonna end this game  
So I can live my life  
Can't seem to shake her any way  
Cause now she is my wife

She's beautiful  
She's crazy  
She makes me feel like I'm alive  
I'm faithful  
Too lazy  
I believe in all her lies
