To potential Hunks and Punks clients,

We had the best time at our wedding on August 17, 2024, much of which can be attributed to Hunks and Punks. We had a 4 hour dance party where the dancefloor was always full and we had lots of participation between the band and our guests. We loved that they had so many banger Irish songs to get the party started and overall a great mix of newer and older songs to choose from. We also asked them to learn a few songs that are meaningful to us, and it was so worth it.

Tim is an absolute pleasure to work with and even suggested really special touches like having a beautiful vocalist and guitar player for me to walk down the aisle to. Also, our wedding was fully outdoors and not near any outlets, but they were prepared to perform on their own power.

We absolutely recommend Hunks and Punks for your wedding or event (or to attend any of their shows!) – they made our wedding everything that we had hoped for. They are worth WAY more than the price they charged us so you should absolutely book them and make the best decision for an amazingly fun event.
