

September 12, 2022

Great live music is really important to us and we hired the Hunks and Punks band early in the new year while organizing our wedding held in August 2022. This was without a doubt the best entertainment choice for our wedding reception held at a venue in Ottawa South. We hired the band for both the “cocktail” and the “dance party” packages from mid-afternoon to midnight. Both sets of music were very well received by all our guests. For the cocktail hour many were commenting how elegant, professional, and wonderful many of the musical arrangements were.

From 8 pm until midnight, the band kicked things into high gear and the dance party was on with non-stop hit after hit. The band’s energy and delivery were outstanding. The variety of musical genres was certainly appreciated from newer Pop, Rock ‘n Roll, Rhythm and Blues, Celtic, etc. Being a musician for well over 40 years myself, I appreciate the range of talent and was very impressed with the passion the Hunks and Punks brought to every song. And the vocals were fantastic!

Our wedding day was so special and made more memorable by having wonderful live music to celebrate with all our guests. We are still getting rave reviews and comments about the Hunks and Punks band playing for our wedding celebration. It was in a word – Amazing! We were very appreciative of all the time and effort by Tim MacFarland, the band’s lead contact - meeting with us to review, refine and curate an awesome playlist to make ours the “most incredible wedding”. It is very impressive how extensive their repertoire is to choose from with songs for absolutely every age in the room. The musicians are clearly talented and passionate about playing with an energy that kept everyone dancing. We are so happy to have found Hunks and Punks who helped make our wedding a fabulous time for all our friends and family. We cannot recommend them enough – you’d be lucky to get them!

Sincere Thank You,
