RE: Letter of Reference for Hunks & Punks Band

To Whom It May Concern:

We hired Hunks & Punks Band for our wedding on August 9, 2019, at Clinton Hills wedding venue, in Prince Edward Island. Prior to our wedding, we had the opportunity to attend several Hunks & Punks shows in Ottawa and completely fell in love with their music.

When brainstorming music options for our wedding, our top choice was having a live band so we approached Hunks & Punks to determine whether they would be willing to consider travelling to Prince Edward Island for our wedding. To our amazement, the Band was more than willing to consider travel options to make our music wish come true.

The Band, and in particular, the Band leader, Tim McFarland, is extremely attentive and very responsive. We were presented with a list of approximately 150 songs from their repertoire that we could choose from. In addition, with enough lead time, we were given the opportunity to hand-pick songs for the Band to learn for both the pre-ceremony music and reception. The Band's willingness to accommodate our specific song choices made the experience extra personal.

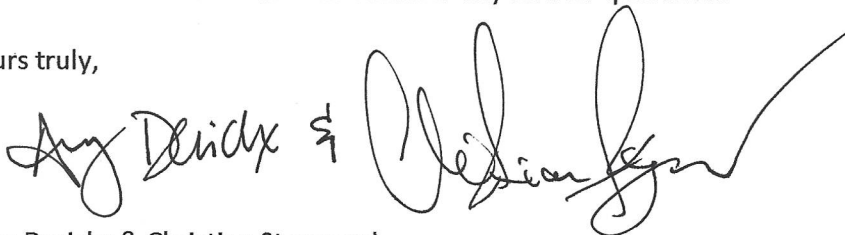

The Band played approximately 45 minutes of pre-ceremony acoustic music in the outdoor ceremony space. In addition, the Band played three 75-minute sets during our reception, including our first dance song, "Kiss Me", by *Sixth Pence None the Richer*. From the first dance, to the last dance, the dance floor was packed with guests of all ages. As a couple who loves to dance, having a lively dance floor was important. We could not have been happier with the energy on the dance floor, which was unmatched to other live bands we have seen.

Since our wedding, we have received so many compliments on the music provided by Hunks & Punks. In fact, a number of wedding guests have asked us about where they can see Hunks & Punks play locally. Hunks & Punks Band is truly top notch – this talented team of musicians dedicate countless hours of practice to ensure their performances are flawless. Their work ethic, attention to detail, and passion for music truly set them apart from other bands.

As an added perk, Tim McFarland even took the time to create a wedding video from the footage the Band recorded from the event. The video is invaluable and such a special keepsake to have of our big day. We are truly touched that Hunks & Punks took the extra time to present us with this gift.

We would highly recommend Hunks & Punks for any event that needs music but especially for a wedding due to their unbelievable customer service, care, and pure talent. We would be happy to act as a reference for Hunks & Punks and answer any further questions.

Yours truly,
