

MEETN

 **Gnodi Powered**

CONNECT, SHARE & GROW

Whether you're presenting to friends, training your team,
or one on one, Meetn® helps you engage your audience
and bring your messages to life like never before.

Communicate In Style

Unique Features:

Instantaneous AI translated dialogue in your language

With AI-powered translated captions, your presentations instantly become more inclusive, global, and accessible. Every voice is heard, and every moment counts!

Interactive Widgets

With Meetn® Widgets, you can pre-upload PDFs, slides, interactive banners and call-to-action buttons. Everything you need is at your fingertips. You'll wow your prospects!

- Custom CTA Buttons
- Featured Chat Messages
- App and Web Options

What Does Privacy Look Like?

We believe your meetings are your private space. Your conversations deserve uncompromising protection, which is why privacy isn't an afterthought for us; it's woven into every feature we build. You have full control over who joins, what's recorded, and how your content is used.

- End-to-end encryption
- No selling your data to third-parties
- No marketing to your attendees
- You own your content – not us

Built for Trust. You're in Control.

TIME TO FLEX. MEETN WORKS.
