

# RSE DAY

Celebrating relationships & sex education

## RSE Day Pupil Voice Art Project

The theme for RSE day this year is '**communicate**'. We are working with artist, Millie Yarwood, to create a mural at the Arboretum, featuring the views of children on communication in healthy relationships.

We want children's views to shape the content of the mural.

We have created a Padlet to gather the views of your children. On the Padlet there are 5 questions, we recommend discussing each question as a class or small group. Once you have gathered some ideas you could:

-Ask them to write or draw these on a large sheet of paper or post-its. Then photograph it and add them to the Padlet.

-Ask the children to vote on the responses they think are best and write the top there underneath each question.

-In small groups, ask children to answer questions directly on the Padlet using iPads.
