OVER THE HOLE (Rea/Brand-Rea)

This morning, things falling into place
With the dawning everything's going to be OK
I was feeling kind of blue, kind of down
But I woke up with a smile and not a frown

I'm over the hole (over the hole)
Over the hole
And I dig it
Life's not so bad
Just do what you can
Give yourself time

I went walking, I got talking to a friend
And they helped me get myself back on the mend
So if you're worried, feel like everything's gone wrong
Reach out to someone that you love and sing this song

And get over the hole (over the hole)
Over the hole
And you'll dig it
Life's not so bad
Just do what you can
Let yourself shine

I'm over the hole (over the hole)
Over the hole (over the hole)
I'm over the hole

And I dig it!
