OLD FASHIONED HARD CANDY STICKS

Old fashioned hard candy sticks are the ultimate go-to treat for anyone with a sweet tooth. Stick candy has been a favorite of young and old since the mid-1800s, and it's no wonder why. Each piece features a unique flavor and fun colors that make every lick a memorable experience! Simply peel away the hard candy wrapper and you are ready to snack. Each piece is individually wrapped so they are easy to store and can be given as party favors or a special treat for the kids!

We carry a huge list of exciting flavors so you never get bored. Try exotic pina colada, orange pineapple or rum and butter! If you prefer something simpler, classic bubblegum, peppermint, sassafras or strawberry are just as enticing. You'll love watching the striped candy melt away with each bite!

NOTICE:

Stick candy is very fragile! Its extreme fragile nature and delivery circumstances beyond our control dictate that we will not guarantee old fashioned stick candy will arrive unbroken. During the shipping process, some or many sticks may break. We will not be held responsible for any broken sticks, regardless of how many arrive broken. Please keep this in mind before you place your order.

From the manufacturer:

"All old fashioned candy is Certified Kosher & Gluten Free, they do not use peanut products in their candy and they try to use natural flavors when possible, sometimes they do utilize artificial flavors/colors."

Your display is ideal for showcasing retro candy sticks in a variety of flavors and colors, this old fashioned candy stick wood display rack includes 12 acrylic jars. Each jar is perfectly proportioned to hold Gilliam stick candy, making them easy to grab and enjoy at your next party or event.
